

2025 Data & Information Management Meeting

Nashville City Club, 200 2nd Avenue South, Nashville | Oct 8

Wednesday, October 8

8:00 am	Breakfast
8:50 am	Welcome Comments & NAREIM Data & Information Management Committee Update Co-Chair: <i>Bill Sechen, Global Chief Information Officer, Harrison Street</i> Co-Chair: <i>Armel Traore dit Nignan, Head of Data & Analytics, Principal Asset Management</i>
8:55 am	Attendee Introductions To help facilitate connections, each attendee will be invited to briefly introduce themselves by stating their name and the organization they represent.
9:00 am	The Semantic Shift: Democratizing Data Through Products Session leaders: <i>Majoni Maumbe, Head of Data Analytics & Architecture, Global, Harrison Street; Benjamin Tremblay, Senior Associate, Real Estate Analytics & Data Management, Nuveen Real Estate; Lior Wolf, Senior Manager, AI Solutions & Data Architecture, Prime Finance</i> A journey through infrastructure, process, and governance to build trust in data—empowering people through data literacy and data products.
10:15 am	Break
10:30 am	Technology Alignment & Talent Strategy Session leaders: <i>Lou Jacobsohn, Principal, Juniper Square; Armel Traore dit Nignan, Head of Data & Analytics, Principal Asset Management</i> This session will examine how firms are shaping technology strategies and building the talent to deliver them. Discussion will focus on friction points in current tech stacks, prioritization of investments, defining must-haves vs. nice-to-haves, and aligning technology with business goals. Participants will also explore challenges in attracting and retaining talent, the roles hardest to fill, the skills needed to drive innovation, and how organizations balance in-house development with vendor solutions.
11:30 am	Break
11:45 am	Artificial Intelligence & Machine Learning Session leaders: <i>Armel Traore dit Nignan, Head of Data & Analytics, Principal Asset Management; Dipesh Shah, Chief Technology Officer, Stockbridge</i> Discussion-first session on how AI/ML drives value across the CRE investment lifecycle. We'll anchor on four ROI levers—revenue, cost, risk, and compliance—then walk through two brief case stories: an investment-research copilot (LLM+RAG) and automated rent-roll ingestion. Participants will benchmark current state and leave with 2–3 90-day bets—each with an owner, metric, and checkpoint.
12:45 pm	Lunch

2025 Data & Information Management Meeting

Nashville City Club, 200 2nd Avenue South, Nashville | Oct 8

Wednesday, October 8 *continued*

1:45 pm	Cross-Functional Collaboration & Organizational Change Session leaders: <i>Jeanne Ayivorh, Chief Operating Officer, National Real Estate Advisors; Rachelle Snyder, Vice President, Chief Accounting Officer, Unico Properties</i> In a world where innovation moves faster than ever, mastering change isn't optional—it's your competitive edge. In this session, we will explore practical strategies and tips for leading change that sticks, empowering you to drive transformation without leaving your team behind.
2:45pm	Break
3:00 pm	Driving Data Forward: Real Estate's Path to Operational Excellence Session leaders: <i>Jennifer Allard, Director, Private Investment Initiatives & Operations, HOOPP (Healthcare of Ontario Pension Plan); Nick Russell, Managing Director, StepStone Real Estate</i> The Real Estate Data Initiative (REDI) is a global, investor-led effort to standardize and operationalize real estate investment data reporting across the commercial real estate ecosystem. In this session, REDI Committee members will briefly introduce the initiative's goals, progress, and 2025 roadmap—including the target launch of version 1.0 of the data model.
4:15pm	End of Meeting
